

# PRESENTS PROGRAM PARTNERS

## ABOUT THE PROGRAM

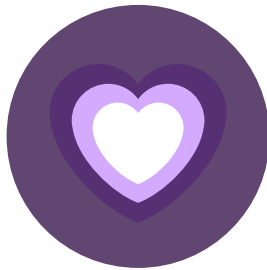

The **Presents Program** is the heart of everything **PRESENT NOW** does. Three distinct focus areas help children who are living in shelters know that they are not forgotten as we celebrate their special moments & new beginnings:

- Presence of **Love**
- Presence of **Mind**
- Presence of **Being**

In 2023, PRESENT NOW delivered  
**2,834 presents.**

With your support, we can reach  
our goal of gifting **5,000 presents**  
**annually by 2025!**

### PRESENCE OF LOVE

**Valentine's Day** is all about letting others know **how special they are**. PRESENT NOW delivers Presence of Love gift boxes to young survivors of domestic violence to **make them feel special** during a time of turmoil and uncertainty. Each Presence of Love gift box includes a digital device such as a tablet or camera **to encourage and aid in learning**.

### PRESENCE OF MIND

**Starting a new school year** can be a **challenging time for children** who have left their homes and have already experienced tremendous changes in their lives. Our Presence of Mind gifts include backpacks filled with **essential school supplies** such as notebooks and writing kits and are distributed based on age and grade level. Our goal is to provide children with a **fresh start** for Back to School.

### PRESENCE OF BEING

**Birthdays** are an **important time in a child's life**. The Presence of Being gifts help make their birthdays at the shelters memorable. **Each personalized gift** includes a new outfit, book, and toy, along with a restaurant gift card so that the safe parent can treat the child to a birthday meal. Each box comes with cake mix, frosting, and candles allowing the child and the safe parent to **bake a birthday cake together**.
